Title: Financial Assistance
Current Effective Date: 06/05/2020

Purpose: Cape Fear Valley Health (CFVH) is dedicated to serving the healthcare needs of its patients. To assist in meeting those needs, CFVH has established this “Indigence Policy” to provide financial relief to those patients who are unable to meet their financial obligation, including low-income, uninsured, underinsured or medically indigent. This policy was developed and is utilized to determine patients’ financial ability to pay for services. “Medically indigent” is defined for those patients whose health insurance coverage, if any, does not provide full coverage for all of their medical expenses and that their medical expenses, in relationship to their income, would make them indigent if they were forced to pay full charges for their medical expenses.

Audience: All Employees

Departments: Patient Financial Services, Physician Financial Services

Keywords: Charity, Assistance, Indigent

Policy: Cape Fear Valley Health System offers a hospital-sponsored Financial Assistance program called Charity Care. Cape Fear Valley Health System may offer Charity Care Adjustments to individuals who meet the Charity Care Guidelines as stipulated herein.

Family Size and financial means compared to the Income Poverty Guidelines published annually by the Department of Health and Human Services (https://aspe.hhs.gov/poverty-guidelines) will be the key elements used to determine eligibility. The patient's income and unusual expenses will also be taken into consideration. Applications for Charity Care should be complete and accurate and include verifiable proof of income (i.e., W-2 form, tax return, payroll check stubs, statement from employer, deeds, tax records). All other avenues to obtain financial assistance and third-party payments, to include applying for Medicaid, must be exhausted prior to receiving Charity Care adjustments. Charity Care will only apply to the remaining balance after all third party payments are applied. Charity Care applications are accepted and considered for all Inpatient and Outpatient services. Charity Care can be applied for before or after services have been rendered. However there will be no “pre-approval” of charity. Charity will only cover the service in which the application is submitted for and any visits as a result of that service to any Cape Fear Valley Health System owned facility. **Elective and Cosmetic services are not eligible.**
Procedural Guidelines: Cape Fear Valley Health System offers a hospital-sponsored program called Charity Care. Cape Fear Valley Health System may offer Charity Care Adjustments to individuals who meet the Charity Care Guidelines as stipulated herein.
